

FRESH-AIRE UV[®] CS

ADS MOUNTING KIT

The TRS Mounting Kit is designed for installing the Fresh-Aire UV Commercial UV-C system using EMT conduit supports. It includes everything needed for most installations, however, there are additional mounting hardware items available for more challenging situations. EMT conduit supports add strength and convenience to the UV-C system.

FEATURES

- Mounts using ½" EMT (not included)
- Lamp Clip/Conduit Clamps
- ½" Pipe Couplings
- ½" Pipe Straps

BENEFITS

- Adds support to UV-C lamps
- Makes installation and servicing more convenient
