

FRESH-AIRE UV[®] CS

TRS-X MOUNTING KIT

The TRS-X Mounting Kit is designed for installing the Fresh-Aire UV Commercial Core System using EMT conduit supports. It includes everything needed for most installations, however, there are additional mounting hardware items available for more challenging situations. EMT conduit supports add strength and convenience to the UV-C system. 60 lb. magnets are included for both EMT and UV-C power supply mounting onto metal surfaces.

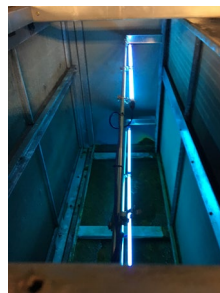

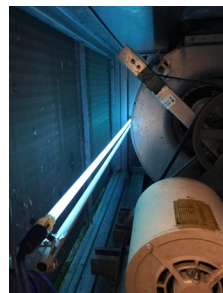

MOUNTING KIT ONLY!

No lamps or power supply included*
*Requires Fresh-Aire UV Commercial Core System

FEATURES

- ½" EMT Conduit (40")
- Lamp Clip/Conduit Clamps
- ½" Pipe Couplings
